

# Save Space with Plastic Strapping Kits

Need plastic strapping materials but don't need (or don't have space for) large quantities? A strapping kit from Athens could be the perfect solution for you!

These self-contained kits include all the necessary tools and accessories for a streamlined system, including strapping materials—without the need to order a full coil. It's the perfect answer when you need a space-saving, all-in-one solution.

Athens currently offers **3** strapping kits:

## SP-W Strap PAC Athens Item #: 059204

This best-selling convenient plastic strapping kit contains everything needed for a complete, self-contained, light-duty strapping system. Designed for low-volume, multi-station users, the SP-W is portable and economical. It includes 3000 ft. of light-duty strapping, 300 wire buckles, and 1 hand pull tensioner.

## Postal Kit Plus Athens Item #: 059205

This inexpensive kit includes post-office-recommended 1/2" white strapping, plastic buckles, and a simple tensioning and cutting tool. It is packaged in a self-dispensing carton, has complete instructions, and contains enough material to strap 500 trays.

## EP48 Econo PAC Athens Item #: 059207

This self-contained kit is packaged for flexibility. It contains everything necessary to handle a wide range of strapping applications. Packaged in a double-wall self-dispensing carton, the EP48 is ideal for first-time users and multi-location buyers. It includes 9000' of 1/2" strapping, 1000 open seals, a tensioning tool, and a sealing tool.
